

We Guarantee Elastic Carbon Paint

to be unexcelled for roofing purposes of every description. It makes a roof, be it metal, canvas, wood, felt or shingle, impervious to water; makes a solid, fills the seams and small holes making them perfectly water proof, preventing formation of rust. We guarantee to patch any leak or hole from the size of a pin head to two feet square. This may appear as an exaggeration, but we are willing to demonstrate the truth of it by staking the goods.

Equally serviceable for the following purposes: iron fences, gutters and copings, steel bridges, ship's bottoms, farming implements, sugar refineries, iron and steel structures.

Good appetite, good digestion, refreshing sleep—these are essential to good health and the following testimonial shows how they are obtained by using

Ayer's Sarsaparilla

"Six years ago I had an attack of indigestion and liver complaint that lasted for weeks. I was unable to do any hard

work, had no appetite, food distressed me and I suffered much from headache. My skin was sallow and sleep did not refresh me. I tried several remedies without obtaining any relief. Finally, one of my customers recommended Ayer's Sarsaparilla. It helped me from the first—in fact, after taking six bottles I was completely cured, and could eat anything and sleep like a child."

There are many imitations of Sarsaparillas. Be sure you get "AYER'S." Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A. AYER'S PILLS, the best family laxative.

SPORTS

SPORTING GOSSIP

I am dying, mother, dying. I can see my harp is dashed. Just before my left lung burst. Yes my liver's on the goal post. And my hide is grandly gory— Won't the girls applaud like singers When the preacher tells my story!

Did the undertaker gently Hang my knee cap on my casket. Gather up my missing fragments In a little perfumed basket. There's some player's false teeth, mother. In my gizzard (out of use). And a fellow's headgear also— Tell him not to pry them loose.

THE BLIGHT OF VICTORY.

It puzzles the lay mind to figure out what these pale pink pill reformers want to do to football. Their vagaries are hard to follow. The youthful Mr. Sporting Editor Jordan of the Philadelphia Press, burning with an unquenchable zeal to purify the game, laid down as a maximum that a football player should not work for his living. If this did not strike at the vitals of the game it at least struck at the vitals of the players. But now comes a writer in Outing and huris a load of mortar at the football coach. His main objection to the coach is that he desires to win. Oh, gross and criminal attitude! That a coach or a player or an institution should desire to win seems little less than heathenish. Our eyes are suddenly opened to the false basis upon which our sport is founded. Men even sit in a game of tiddle-de-winks with the deliberate intention of winning. But how wrong—how hideously wrong it all is—we see very clearly now.

Let us purify all of our sport. Hereafter let the prize fighter enter the ring—on the coast, not in Hawaii—with a prayer in his heart that his gentlemanly opponent may beat his block off. Let all golf matches be declared a draw when the players reach the hole nearest to the bar. Let us do away with counters in cribbage and time-keepers in horse races. And let all ball games be referred to the directors for a decision—so that none will ever be rendered. Let all sport be conducted on the Gaston-Alphonse basis and let the sucker players cheat themselves.

The main difficulty will be to so arrange the rules so that both teams will lose at the same time. For a starter it might be well to let the Malle baseball team play against the Twilights. If losing is to be the badge of purity the Heanul boat crew might be forced to shake with the Infantry. The gentleman who originated the theory that victory is a malfeasance should start a society with William Randolph Hearst and E. B. McClanahan as charter members.

SOCKER SEASON SOON OPEN.

That rare old sport "soccer" is with us again. Soccer isn't very aristocratic—although some good folks in this town have tried to make it so. It is a plain unvarnished sport which makes the tariff on brooms a burning interest and even makes cricket interesting. It encourages a study of the Scot's dialect and an appetite for oatmeal. It does not afford perhaps so good an opportunity for conversation as does golf, but it is more conducive to real goals. If you think it isn't real fun just begin playing it yourself. The man who cannot enjoy soccer is fit for worse things than treason. Next to the gentle art of angling it is the best thing going for the spectators. Angling has it beaten in as much as you do have a bit of scenery now and then to look at. But then soccer should be supported by the Honolulu public for it is endorsed by members of the Civic Federation.

SKATING CRAZE.

From the frequency with which the young men of this city are being carried off of the skating rink there is every reason to believe that the skating craze is a dead letter. But this is not so, for here the same spirit is manifested as is shown on the football fields. One down, then the Doctor, but after that the old tricks again. The trouble with skating is that a great many of those most proficient in the art are swelled up with their own importance and love to give "that be-

SOCKER TODAY

The "soccer" season opens at the baseball park this afternoon. The first game will be between the Mallees and the Y. M. C. A. and will start at 2:30.

The second game is between the Diamond Heads and Infantry; kick off at 3:45.

Teams chosen are as follows: Mallees—Goal, Belsier; backs, Anderson, McGill; half-backs, E. Kellet, D. Conter, Davis; forwards, Jamieson, Gray, Catterall, F. Bailey, E. Kea; reserves Harrison, H. Bailey, J. Kea. Y. M. C. A.—Goal, Boardmore, backs, Turner, Blackman; forwards, Waterhouse, Oss, Churton, Robbins, Martin; reserves, Super, Spalding, Foss Martin Johnson.

Infantry—Goal, Thompson; backs, Swift, Dougherty; half-backs Kimball, Kolb, Bishop; forwards, Landis, Smith, Moon, Van Vleet, Ewing. Diamond Heads—Goal, Chilton, backs, Grune, H. Clark; half-backs, J. Clarke, E. Desha, J. Anderson; forwards, Fernandez, Woe, Durden, George Desha, A.

ginner" just a gentle little shove—that's sufficient. There are times no doubt when the little shove is unintentional, but nine cases out of ten the tumble is the result of a dark plot. But never mind, when you learn to skate you will do the same thing, so it is all right.

Between the fun (?) loving skaters and a large gallery to applaud his flendish actions, the skating beginner's life is not always the pleasantest.

NOT REAL FIGHTERS.

At Kaufmann put Mr. Sam Berger's ambitions neatly to rest not such a great while ago. Berger had been touted as a wonder and his friends insisted that he beat Jack O'Brien in their six round bout. No one ever seriously believed that Berger was really in O'Brien's class. But the betting for some unaccountable reason was 2 to 1 on Berger. Kaufmann wallowed him unmercifully. Berger had all the skill but the rangy Californian had the stamina and the punch. Kaufmann is a fairly good heavyweight fighter but that is all he ever will be.

Indeed the fight between Berger and Kaufmann served to emphasize the sad dimensions to which the heavyweight pugilist has shrunk.

Barring Jack Johnson and Jim Jeffries there is not a heavyweight in the country worthy of notice.

Billy Delaney says that he is in no hurry to stack Kaufmann up against Jeffries. Exactly. When James J. sneezes all the little would-be fighters rush to cover like a lot of scared cows. The fighters of today look pretty cheap when they are measured up with Fitzsimmons, McCoy, Jeffries, Jackson and that class of stars.

ANOTHER FOR TEDDY.

President Roosevelt is again in the limelight. We learn something new about him every few moments, but the latest is really new. Mr. Robert Fitzsimmons is out with a touching story to the effect that the President saved him "from going to the dogs." Teddy will no doubt hear that with rejoicing. So doughty a piece of humanity as Bob is well worth saving from the dogs. The most interesting feature of Fitz's interview, however, is the new view it gives of Ruby Robert. To gaze upon his frocked being one would hardly guess at the depths of sentiment within him. His mental anguish, as he describes it, would do credit to a hungry poet. That President Roosevelt should have grabbed Bob by the nap of the neck just at the moment when the frocked beauty's soul was on the point of exploding with a loud report and deluging mankind with evaporated grief, must be to the President a memory that shall remain a joy forever.

MAJOR LEAGUER'S DAUGHTER.

Up to the hour of going to press the music of this soon-to-be popular ballad had not been written. The sport department office boy was out at the time, while the janitor was busy, so that any who peruse it must compose their own music to the selection. They were seated in the parlor where the gas was burning low.

He held her little paw within his own. He looked at her and whispered, "Ma-me, you know I love you so; You've made more hits with me than Fielder Stone. Your curves look awfully good to me, your speed is just my style." But here he stooped and sadly bowed his head. The decision was against him, he was out about a mile. When unto him these cruel words she said:

"I am the only daughter of a major league phenom, While you are but an unknown bush league bloke. My old man hits .300 almost every season, Tom. While they tell me that your average is a joke. Some day when you are drafted or you have a batting eye, I may listen to the words you have to say; But until you show the goods, take a hike back to the woods. For there's nothing doing here for you today-day-day!"

Williams; reserves M. Anderson, H. Sheldon, S. Chillingworth.
